

Stadium Stomp Eden Park 2020 – Event Update (as at 2 October 2020)

FAQS

Why has Stadium Stomp Eden Park been postponed?

Whilst the change in alert levels are promising, and we are all hoping that they continue to get to level 1 in Auckland soon, there is still much uncertainty particularly for mass participation events.

Therefore, with the ongoing public health guidelines combined with international border restrictions (our event staff are Melbourne based), we are sorry to confirm that we cannot deliver a Stadium Stomp Eden Park event in 2020.

There was hope that we'd be able to re-schedule to the later part of 2020 but the purpose of this announcement is to confirm that we are now looking at 2021 to host this Event.

When will there be a replacement event?

We ask for your continued patience as we work with both Eden Park and our charity partner, Leukaemia & Blood Cancer New Zealand, to ascertain a new date.

In terms of scheduling a date for the 2021 Eden Park event, we'll obviously need to wait until some further restrictions are lifted and Eden Park has some certainty over their availability including 2021 fixturing of the major sporting codes such as Super Rugby.

As soon as a replacement event is confirmed, we will let you know via email and our social channels (Facebook, Instagram and Twitter).
